Mission Statement

The Synergy Collective Society develops partnerships to support local charities by creating a synergy within the community to blend arts and commerce with social responsibility.

About Synergy

The Synergy Collective Society is a community-based organization that blends art with social responsibility. Synergy builds integrated partnerships with local Vancouver charities to support cooperative programming and community programs.

This is achieved by teaching collaborative partnership skills and by putting these skills to practice through monthly and annual events that showcase prominent West Coast artisans. Synergy integrates music, dance, film, spoken word, art, food, and comradeship to celebrate the spirit of culture while strengthening the fabric of community.

Featured Performers

A 2002 inductee into the BC Entertainment Hal of Fame, Juno award winner **Shari Ulrich's**, finesse on violin, mandolin, flute, piano, sax and dulcimer was first heard in the early 70s with the Pied Pumpkin. After 2 years with the "Hometown Band," Shari went on to record six solo albums of original songs as well as two with UHF (Ulrich/Henderson/Forbes) and two with the re-emergence of the Pied Pumpkin. She continues to tour and record with the latter two groups, as well as with daughter Julia Graff and saxophonist Bill Runge. For more information about Shari, please visit - www.shariulrich.com

Canada's own **Don Alder** is one of the best acoustic guitarists in the world, and one of Canada's premiere harp guitarists. His unique style and energetic performances have been called intense, passionate and awe-inspiring – as is his life-long friendship with Canada's Man In Motion Rick Hansen. Don's unique style of playing incorporates finger picking with simultaneous percussion on the soundboard to create a wall of sound...a unique weave of deeply textured melody and story. Lyrical and compelling, his original songs are notes of exploration – some passionate and haunting, some hard-driven, others light and teasing. In 2007 Don became the first Canadian to win the 2007 International Finger style Championships. For more information about Don, please visit - www.donalder.com

Adam Woodall is a veteran of the urban folk scene and a highly celebrated North Shore Songs From My Parents' House in 2000. Shortly thereafter he formed The Adam Woodall Band, and they have been performing together ever since. They recently released Silver Ring, a brand new independent CD. The new record sees the band moving forward musically, while still honouring their rock, folk, and pop roots. For more information about Adam, please visit - www.adamwoodallband.com
